MEMORANDUM FOR THE CHAIRMAN, SECURITY COMMITTEE

SUBJECT: RELEASE OF FOREIGN INTELLIGENCE TO CONTRACTORS

At the November 3, 1976, meeting DIA raised the question as to whether, under DCID No. 1/7 and the March 12, 1976, DCI Policy Statement, agencies and departments (other than ERDA) can disseminate foreign intelligence to Government-owned, contractor-operated laboratories performing classified services in support of the intelligence mission of ERDA without permission of the originating agency.

At the November 3 meeting, as Mr. Taylor, the ERDA Alternate, pointed out, it should clearly be understood that the ERDA intelligence unit at LASL, Sandia and Livermore, represents only a small segment at each laboratory. Consequently, any dissemination would have to be sent to this specific unit to come under the DCID No. 1/7 exception.

Any foreign intelligence disseminated to the ERDA Government-owned, contractor-operated laboratories under this exception should be addressed as follows:
